In Class C1 we learn the basics of Object-Oriented Programming. Let's make use of these concepts and use the blueprint provided.

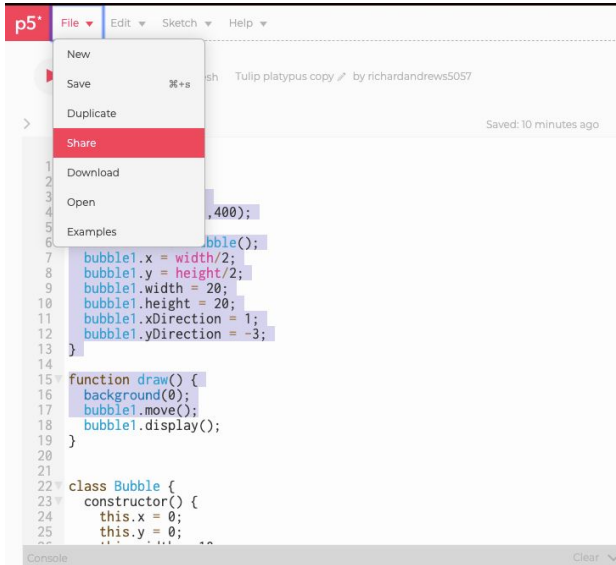

In the code, you will find a class called "Bubble".

Create new Bubbles and change their attributes to create differently animations

Create a sharable link on the P5.js editor. By clicking on File and clicking on "Share"

C1: CREATE YOUR OWN WORLD OF CIRCLES

Copy this link and submit it in Student Dashboard Projects panel against the correct class number as seen below.

REMEMBER... Try your best, that's more important than being correct.
After submitting your project your teacher will send you feedback on your work.
